Re: Pandemic Relief Fund

Dear Nicole:

We at Puerto Rican Unity for Progress (PRUP) are very much appreciative for your kind \$500.00 contribution to our cause in serving the Community of Camden. The funds received were utilized in providing sanitizing equipment such as facemasks, hand sanitizers, and gloves to our staff, volunteers, and clients during our food distribution days.

What we started here at PRUP in providing breakfast and lunch to a group of 75 much needed school aged children in the City of Camden during this pandemic has grown to providing 250 meal packs and groceries to over 100 families twice a week. Organizations such as yours has played a major role feeding our community and giving some relief to many families during this time of crisis.

Thank you again for your kindness donation.

Sincerely

Ricardo Camacho
