Are there other issues you feel should be on the list for supporting NPOs in the region or your organization in particular? Please list them.

Funding, Sustainability collaboration, Fed, State relation w/NPO, Training, Resource Development

educational equity

Funders not focusing on giving in the South Jersey region. Funders not understanding the nonprofit landscape and needs of communities in every county of South Jersey. Lack of South Jersey funding opportunities as opposed to Philadelphia and North Jersey. A "good boys club" and funder-centric (rather than non-profit centric) focus on funding in South Jersey.

STAFFING, STAFFING, STAFFING - we ALL are struggling with hiring staff, both nonprofits and for profits. How do we entice folks to work?

More financial resources for NPOs

When nonprofits begin to shift to for-profit models, they lose the confidence of the public

Availability of grants and list of funders focus areas

Meeting Grantors & Foundations / Increasing Collaboration between similar types of NPOs / Holding more events like this

Professional development opportunities for nonprofits - capacity building opps

availability of funding and salary competition

Strengthening the culture of philanthropy in South Jersey, especially among the most well off.

Continued Government support for NPOs (beyond COVID-19 support)

Naming the root causes compromising the quality of life of some residents in the region as well as how NPOs are working individually or collectively to address them.

Networking, identifying founders, supporting Boards and CEO's

Homeless - Housing - Rental - Employment - infrastructure - economical growth - Public awareness

Board leadership: diversity and embracing diversity, broader views of board leadership, board capacity building, etc.

Sustainable Funding, Philanthropic Investment

We need to find ways to increase the size of the pie (resources), support all NPOs with capacity-building tools, and encourage collaboration in order to move the ENTIRE region forward!

How all volunteers to work as a team to achieve a goal?

avenues to promote local NPOs to the local community, county and related social agencies

Creating an environment that promotes collaboration among NPOs...establishing long-term goals

Improving communications throughout the nonprofit sector in the region; career training to meet future job demands

Q1 - The final questions are optional, and allow us to identify you. You will receive information from the survey and the South Jersey NPO Summit.

We are a 40 yo NPO and I would like to see a panel/etc talking about how we can bring ourselves into 21C life/tech/activities, etc, more so and better than we are now. What's the language now for the 21C NPO? How do we reach new funders at this age?

It's an attractive event and truly looking forward to engaging, participating and networking.

My name is Candice Lombardi, and I am currently the Grants Manager at Katz JCC of Cherry Hill. We registered for the event through the account of Director of Fundraising Ellen Shimberg. I will be attending virtually and look forward to bringing ideas and connections back to our organization. I live in Philly right now, but have spent 20 years living in South Jersey and writing grants at South Jersey nonprofits. I am very grateful that this opportunity to discuss the needs of nonprofits in South Jersey has arisen, and grateful to the sponsors and supporters. I think the word needs to get out about this event at a grassroots level among nonprofits we partner with across Southern New Jersey, to make sure a diverse group of nonprofit voices are heard.

The wording of the ranking questions was confusing. You asked for ranking (usually most important would be a "one", but you did opposite. Also, if you are ranking, shouldn't you only allow 6 numbers for 6 items to rank? Those 2 questions were very confusing and not sure you will get accurate data for your survey analysis.

Thank you for all you do for all of us! "Break A Leg!" with this event!!

Have our elected officials (or their chiefs of staff) been invited to attend? If not, they should be! This is such a great and needed idea! Thank you so much for creating, hosting, and running this event!

I'm interested in serving as a speaker and/or serving on a panel.

Keep up the good work!
